OUR MISSION

To work closely with our customers in providing optimum solutions that will improve their employees' lives by helping them operate more safely and effectively.

STANDARDS WE MEET

To help achieve our mission SA Equip operate an Integrated Management System (IMS) that helps us meet the requirements of ISO 9001 (Quality), ISO 14001 (Environmental) and ISO 45001 (Health & Safety). We also comply with ISO/IEC 80079-34 and the ATEX Directive 2014/34/EU which specify the requirements for equipment used in potentially explosive atmospheres.

OUR POLICY

The SA Equip IMS ensures that we:

- Deliver products to our customers that are fit for their intended purpose and, where applicable, conform to the type described in the Ex certificate and the technical documentation
- Use a risk-based approach to manage and plan for risks and opportunities
- Prevent pollution and protect the environment including taking in to account the lifecycle of the products we supply
- Eliminate Hazards and reduce occupational H&S risks as low as reasonably practical
- Prevent injury and ill health
- Comply with all relevant Health & Safety and Environmental legislation and other applicable requirements
- Develop an awareness of Quality, Health & Safety and Environmental issues amongst all employees
- Provide a safe, healthy and progressive work environment for all our personnel
- Involve employees, contractors and suppliers in our systems and provide training where required

By fostering a culture of continual improvement and regularly setting and reviewing objectives the Company will continue to recognise and reward effective teamwork and individual achievement.

This Policy is communicated to all employees and is also available to the public on our website.

All SA Equip employees have the right and responsibility to STOP an activity if they believe it is unsafe or fails to meet the required Quality, Health, Safety or Environmental standards.
